WHAT MAKES THIS PROGRAMME **TRULY** UNIQUE?

ONLY **10 SEATS** PER BATCH

Because quality > quantity.

At Flipped **Classroom**, we believe great teachers aren't mass-produced. That's why we keep our batch size intentionally small, just 10 teachers per cohort, so you get:

01

Personalized Attention – One-on-one feedback and tailored improvement plans

02

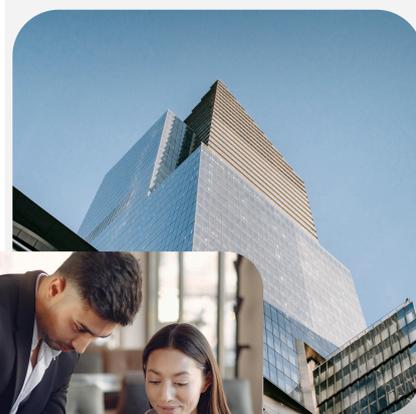

High Engagement – Your doubts, strengths, and challenges are heard and addressed

03

Deep Learning – More interaction, more practice, more growth

04

Close-Knit Community – Network with like-minded educators in an intimate, focused environment

05

Direct Mentorship – Real-time support from industry experts throughout the journey

You won't just be trained—you'll be nurtured.

OUR UNIQUE APPROACH

We don't believe in theory alone-
we believe in transformation
through real experience

While others offer mock sessions, we take it a step ahead:

Real Students. Real Classrooms. Real Feedback.

Every trainee will:

- Conduct Live Demo Classes with actual students
- Get exposed to real classroom challenges
- Receive instant feedback from mentors and student observers
- Learn how to adapt, connect, and convert in dynamic environments

It's not practice. It's the real game.

Because the best way to learn how to teach is to actually teach.

This hands-on approach ensures that by the end of 4 weeks, you're not just certified you're classroom-ready and confident
